Heavy lines close the review weeks: 6, 12, 18, 24, 30 and 36. Weeks 32 to 35 use familiar letters in play. Starting late? Open Week 1. Coming back? Open the first week not ticked here, then the first day without a tick in its Done box on that week's guide. Your own mark of what you practiced. Not a test and not a school-readiness result. Made with AI and automation, and checked by automated tests. No teacher wrote or reviewed it.
